CAREER SUMMARY:

From the beginning of my educational and vocational careers I have set my heart upon a challenging and growth oriented career with blend of both knowledge and skill. I have proved myself to be capable of getting into a totally new area and reaching greater heights. I have successfully made a parallel mid-career shift into the areas of Teaching, Industry, Research & Consultation, Administration, Training and Skill Development.

I have gained a great deal of expertise and exposure at State level and National level. I have acquired a good understanding of the challenges of Education in general and Higher Education in particular. I have mastered in, application oriented and related knowledge and is good at imparting the same as per the contextual demand and societal need.

I have procured in-depth experience of handling and developing projects from commencing stage and is known for organization development. I have pursued teaching with passion and completed Post-graduation in Production Management and Doctoral studies in Business Administration and Post Doctorate D.Litt. in Strategic Shift – Eco System For Skilling Adolescents.
